

External Affairs Group

• **Organizational Membership of the Metropolitan Water District of Southern California for Fiscal Year 2024/2025**

Summary

Organizational Memberships of the Metropolitan Water District of Southern California for Fiscal Year 2024/2025

Purpose

The Metropolitan Water District Administrative Code Section 11102 provides that each department head is authorized to join organizations whose purposes serve the interests of the District. Each department head may approve payment of dues of any such organization, so long as annual dues are \$10,000 or less. New organizational memberships over \$10,000 require board approval. Each department head shall annually report to the Board the exercise of authority granted by this section.

Attachments

Attachment 1 – FY 2024/2025 Memberships by Group

Attachment 2 – Membership Descriptions, Dues of \$100,000 or Greater; and \$25,000 – \$99,999 for FY 2024/2025

Attachment 3 – Membership Descriptions, Dues up to \$24,999 for FY 2024/2025

Detailed Report

Metropolitan holds memberships in numerous organizations that align with its mission, policies, water management priorities, and operational objectives. These memberships span a wide range of groups that focus on areas relevant to Metropolitan, including water quality, supply, infrastructure, operations, purchasing, construction, engineering, sustainability, resiliency, innovation, human resources, diversity, equity, inclusion, finance, external affairs, safety, security, and law. Some of these organizations also provide regulatory and legislative support and help disseminate information about Metropolitan's water policies and related issues to other agencies and the public. Metropolitan held memberships in 178 organizations for the Fiscal Year 2024/2025 with a total cost of approximately \$5.82 million. A complete listing of all memberships and their costs by group for Fiscal Year 2024/2025 is included in **Attachment 1**. This includes several memberships with organizations for which Metropolitan holds contractual rights. They are as follows:

- State Water Contractors (\$2,666,465)
- State Water Project Contractors Authority (0)¹
- State Water Contractors-MWQI Committee (\$258,289)²
- Colorado River Board-Six Agency Committee (\$968,000)
- Colorado River Authority of California (\$25,600)

Board Report Organizational Membership of the Metropolitan Water District of Southern California for Fiscal Year 2024/2025

Metropolitan holds memberships in four organizations with annual dues of \$100,000 or more, and 16 organizations with annual membership dues ranging from \$25,000 to \$99,999. These memberships are described in **Attachment 2**. The summary and description of memberships up to \$24,999 is included in **Attachment 3**.

¹ The State Water Project Contractors Authority (SWPCA) formed in 2003 as a joint powers organization of interested SWP contractors. As of July 18, 2018, Municipal Water Quality Investigations (MWQI) was the only active specific project committee. The SWPCA Board of Directors placed SWPCA on hiatus due to the lack of activity. Therefore, SWPCA assigned its agreements and functions for the MWQI specific project committee to the State Water Contractors (SWC), the committee's original location before SWPCA was formed.

² Previous Organization Name: State Water Project Contractors Authority-MWQI Specific Project Committee

**MEMBERSHIP DUES
\$100,000 OR GREATER**

FISCAL YEAR 2024/25

Colorado River Board -- Six Agency Committee **\$968,000**

Created in 1950, the Colorado River Board Six Agency Committee's function is to support the Colorado River Board through the collection and administration of funds to secure the represented agencies' rights and interests in Colorado River system water and power resources. Metropolitan has contributed to the fund since its inception. Membership also includes the cost of annual dues for the Colorado River Salinity Control Forum. *[Water Resource Management]*

State Water Contractors (SWC) **\$2,666,465**

Metropolitan has been a member of the SWC since 1982. The SWC is an association that safeguards the rights and promotes the interests of Metropolitan and 26 other State Water Project (SWP) contractors. The organization assures proper and effective operation of the SWP; advocates for improved water supply reliability and water quality; protects necessary water rights for the SWP; conducts related studies on the SWP; and addresses specific issues through special funds. *[Water Resource Management]*

SWC Municipal Water Quality Investigations – Specific Project Committee **\$258,289**

The State Water Contractors Municipal Water Quality Investigations – Specific Project Committee (SWC MWQI-SPC) provides supplemental services in those areas where DWR is challenged due to need for more experienced staff, state budget-related constraints, or a need for specialized expertise. It also provides an organization and a funding source to procure services and equipment in the event of unforeseen needs, breakdowns, emergencies or other urgently needed services and equipment. The MWQI Specific Project Committee also provides SWP contractors with supplemental Delta water quality services, studies, analysis and information. *[Water Resource Management]*

Water Research Foundation **\$586,684**

WRF is a non-profit, educational organization that funds, manages and publishes research on technology, operation and management of drinking water, wastewater, reuse and stormwater systems to ensure high quality water and improved public water services. The WaterReuse Research Foundation merged with the Water Environment Research Foundation in July 2016, which were then integrated with WRF in January 2018. Metropolitan has benefited from WRF's program in several areas, including development and compliance with regulations such as the disinfectants/disinfection by-products rule and the various surface water treatment rules, monitoring and control strategies for taste and odor compounds and cyanotoxins, detection and treatment of microbial pathogens, perchlorate and chromium 6 research, and water reuse development. *[Treatment and Water Quality]*

MEMBERSHIP DUES**\$25,000 - \$99,999****FISCAL YEAR 2024/25****American Water Works Association (AWWA) \$30,367**

AWWA deals with issues and policies related to the procurement, treatment and delivery of water. The local unit is the California-Nevada section. Several Metropolitan employees are members of the Association and are actively involved in the activities on the international and national level.

Metropolitan has been a member since 1944. *[Integrated Operations Planning and Support Services - \$26,547] [Treatment and Water Quality - \$3,820]*

Association of California Water Agencies (ACWA) \$65,090

ACWA is the largest and oldest coalition of California water agencies. Among other activities, ACWA provides a forum for exchange and dissemination of information and knowledge through various boards and committees, including water quality, water resource management, energy, legal and legislative affairs. Metropolitan regularly participates in workgroups, educational events and advocacy efforts coordinated by ACWA to support Metropolitan's board-adopted legislative positions on water policy at the state and federal levels. *[External Affairs]*

Association of Metropolitan Water Agencies (AMWA) \$31,000

AMWA is an organization of the largest publicly- owned drinking water systems in the United States. AMWA's membership serves more than 120 million Americans with drinking water. Member representatives to AMWA are the general managers and CEOs of large water systems. The Association represents the interests of these water systems by working with Congress and federal agencies to ensure safe and cost-effective federal drinking water laws and regulations that protect public health. Metropolitan participates in AMWA policy-making discussions and educational outreach activities on a regular basis. *[Integrated Operations Planning and Support Services]*

California African American Water Education Foundation (CAAWEF) \$25,000

CAAWEF advocates for and engages with diverse audiences in the Metropolitan service area. In addition, CAAWEF is a leading resource for water education and leadership training for the African American community in California and is closely aligned with Metropolitan's mission, values, and strategic priority to promote diversity, equity and inclusion. *[External Affairs]*

California Council of Environmental and Economic Balance (CCEEB) \$105,000

CCEEB is a non-profit non-partisan association established in 1973 to develop environmental policy solutions on a variety of issues including water quality, transportation, energy, air quality, hazardous waste and land use. The 60-member board includes representatives from business, organized labor and public leaders. Metropolitan joined CCEEB in April 1977. Metropolitan annually pays \$105,000 in membership dues for general membership and participation in projects: general membership dues -- \$7,500; Air Project --\$30,500; South Coast Air Project --\$27,500 and Water, Chemistry, and Waste Project --\$29,000 *[Office of Safety, Security, and Protection]* and Natural Resources Task Force -- \$10,500. *[External Affairs]*

California Municipal Utilities Association (CMUA) \$78,461

CMUA has represented publicly-owned water, gas and electric utilities throughout California since 1933 and is the only association that combines these important utility services. CMUA concentrates on urban water issues. Metropolitan joined CMUA in September 1946. Metropolitan works with CMUA to increase the support and assistance with water issues as well as energy regulations and legislation. *[External Affairs]*

California Urban Water Agencies (CUWA) \$68,000

CUWA is a non-profit corporation formed in 1990. CUWA comprises 11 major urban water agencies and is supported by an Executive Director. The mission is to provide a forum for combining the expertise and resources of its member agencies to study and promote the need for a reliable, high-quality water supply for the state's current and future urban water needs. Metropolitan has participated in CUWA since its inception. *[Water Resource Management]*

California Water Efficiency Partnership (CALWEP) \$40,000

CALWEP is a chapter of the Alliance for Water Efficiency (AWE). CALWEP is a state organization and AWE is a national organization. These organizations are dedicated to maximizing urban water conservation by supporting and integrating innovative technologies and practices; encouraging effective public policies; advancing research, training, and public education; and building collaborative approaches and partnerships. Membership fees are for both organizations. *[Water Resource Management]*

Colorado River Authority of California \$25,600

The Colorado River Authority of California (Authority) is a non-profit organization that advances California's interest in the waters of the Colorado River by conducting educational and informational outreach activities and campaigns. It functions as the public affairs entity of the Six Agency Committee. Metropolitan has been a member since the Association's inception in 1946. *[Water Resource Management]*

KarmaSuite \$49,999

KarmaSuite provides features that simplify grants management to amplify impact and empowers nonprofits to do so through cutting-edge technology that optimizes resource allocation, increases efficiency, and effortlessly measures and communicates impact. *[Office of Sustainability, Resilience, and Innovation]*

Los Angeles County Economic Development Corporation (LACEDC) \$25,000

Since 1981, the mission of LAEDC has been to attract, retain and grow businesses and jobs for the regions of Los Angeles County. The LAEDC provides Metropolitan the opportunity to interact with business leaders on water policy issues and provides access to various programs including economic research, economic and policy analysis and public policy leadership. *[External Affairs]*

National Water Research Institute (NWRI) \$50,000

NWRI is a nonprofit that collaborates with water utilities, regulators, and researchers in innovative ways to help develop new, healthy sources of drinking water. *[Water Resource Management]*

Water Education for Latino Leaders (WELL) \$25,000

WELL educates local Latino elected officials about California water policy to promote timely and equitable actions that serve to develop a robust economy, healthy communities, and a resilient environment for all Californians. *[External Affairs]*

Water Education Foundation (WEF) \$45,000

WEF was founded in 1977 as a nonprofit to provide a wide range of educational programs on various water resources and policy issues, including the State Water Project, the Colorado River, water management, infrastructure and conservation programs. WEF also offers a one-year water leader class, water law policy briefings, and other educational programs and curriculum. *[External Affairs]*

WaterStart \$55,000

WaterStart membership benefits include access to a water technology innovation priority list; access to the Global Funding Pool for pilots that align with the member organization's priorities and meet WaterStart's criteria; access to pilot results for other WaterStart members; and access to WaterStart's

database of global technology companies. Member organizations are invited to exclusive networking opportunities, and to participate in joint marketing and promotional activities with other technology partners. *[Office of Sustainability, Resilience, and Innovation]*

Western Urban Water Coalition (WUWC) \$40,000

WUWC was established in 1992 by general managers representing the largest urban water utilities in the West. The WUWC members share common interests related to water supply development and water conservation, including an interest in project financing or appropriations from the federal government. Because of its broad, multi-state political base, the coalition is more effective than its members could be on their own to address its initiatives in Washington, D.C. Metropolitan has been a member of WUWC since its inception. *[Water Resource Management]*

**MEMBERSHIP DUES
UP TO \$24,999**

FISCAL YEAR 2024/2025

American Evaluation Association (AEA) **\$184**

The American Evaluation Association is a professional association of evaluators devoted to the application and exploration of evaluation as a profession. AEA prioritizes the advancement of evaluation best practices in multiple types of evaluation, including program evaluation, personnel evaluation, evaluation in education, evaluation in government, independent consulting, and more. AEA has over 5,000 members representing all 50 states in the United States, as well as more than 80 foreign countries [*Office of Sustainability, Resilience, and Innovation*]

American Public Power Association (APPA) **\$9,381**

APPA is a service organization for approximately 2,000 U.S. community-owned electric utilities that serve more than 49 million residents. APPA was created in 1940 to represent the common interests of community-owned electric utilities. APPA's mission is to advance public policy and ensure adequate, reliable electricity at reasonable prices with proper protection of the environment. [*Integrated Operations Planning and Support Services*]

Asian Business Association – Various Chapters

The Asian Business Association promotes and advocates on behalf of the chapter region's Asian-Pacific American business community. The association provides resources for economic growth and helps businesses to compete effectively in the local and global marketplace. Through memberships with chapters from the Inland Empire (ABA-IE), Los Angeles (ABA-LA), Orange County (ABA-OC), and San Diego (ABA-SD), Metropolitan is provided the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. [*Office of Diversity, Equity, and Inclusion*]

Asian Business Association – Los Angeles **\$1,000**

Asian Business Association—Orange County **\$1,000**

Asian Business Association—Inland Empire **\$500**

Asian Business Association—San Diego **\$1,000**

Association for Materials Protection and Performance (AMPP) **\$198**

AMPP is the worldwide network of experts committed to advancing corrosion control and protective coatings, ensuring the highest standards in materials. Membership allows our staff to access technical expertise, certification programs, and professional networks that directly support the safe and reliable operation of our facilities. This affiliation ensures we remain aligned with best practices and emerging technologies in materials protection, ultimately supporting cost-effective asset management. [*Engineering Services Group*]

Association of California Cities – Orange County (ACC-OC) **\$5,000**

The ACC-OC provides a resource for elected officials and municipal staff in Orange County. The organization serves as an educational resource for city leaders, is a leader for strong public policy in Orange County and Sacramento and serves as a catalyst for regional collaboration on issues, including infrastructure and water reliability. Metropolitan regularly participates in outreach efforts coordinated by ACC-OC that are intended to help educate about California water policy. [*External Affairs*]

Association of Environmental Professionals (AEP) \$250

Founded in 1974, the Association of Environmental Professionals (AEP) is a non-profit association of public and private sector professionals with a common interest in serving the principles underlying the California Environmental Quality Act (CEQA), which include environmental assessment, analysis, public disclosure and reporting. AEP provides trainings, reference materials, conferences, and other resources that support the preparation of defensible environmental analysis and documentation to keep Metropolitan in compliance with CEQA regulations. *[Office of Sustainability, Resilience, and Innovation – Environmental Planning]*

Association of State Dam Safety Officials (ASDSO) \$420

ASDSO provides specialized resources, training, and research to advance dam safety and risk management. Membership allows staff to access current engineering practices, regulatory guidance, and technical case studies relevant to our facilities. This supports our engineers in maintaining compliance, improving the reliability of our infrastructure, and applying risk-informed decision making to dam operations. *[Engineering Services Group]*

Association of Water Agencies of Ventura County (AWAVC) \$5,500

The AWAVC is an association of water agencies and concerned water users. The organization works to provide an environment that fosters voluntary cooperation among water agencies, resulting in conjunctive management of Ventura County's water resources and a reliable, quality supply of water. Among other activities, AWAVC facilitates opportunities for water agencies to identify common interests and objectives and promote their success. Metropolitan staff participate in the organization's monthly Water Issues Committee. *[External Affairs]*

Association of Women in Water, Energy & Environment (AWWEE) \$2,500

The Association of Women in Water, Energy and Environment (AWWEE) supports the professional development, growth, and success of women in the fields of water, energy and environment. Membership in the organization provides access to educational and networking events, including presentations and panel discussions featuring leading experts, tours, development workshops, community workshops and a mentoring program. *[External Affairs]*

Black Business Association of Los Angeles (BBA-LA) \$1,500

The Black Business Association of Los Angeles provides Metropolitan the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. *[Office of Diversity, Equity, and Inclusion]*

Braid Theory \$5,500

Braid Theory is a venture advisory firm that supports science and engineering-led companies. They incorporate a hybrid model of services to assist teams based on proven methodology and rigor in evidence-based entrepreneurship, focused on three key aspects of commercialization: building capability, capacity, and intellectual capital. They go beyond traditional accelerator or incubator programs to connect technology entrepreneurs with industry to build opportunities for market traction and growth. *[Office of Sustainability, Resilience, and Innovation]*

Building Industry Association of San Diego (BIA-SDC) \$725

The Building Industry Association chapters represent the legislative and business interests of its member companies and their employees. BIA offers its members networking opportunities, educational programs, activities and events. Metropolitan works with BIA chapters to encourage plumbing and landscape water conservation measures in new homes and regularly participates in education and advocacy efforts coordinated by each chapter to identify common interests between construction and water policy. *[External Affairs]*

Building Industry Association of Southern California (BIA-SC) \$16,000

The Building Industry Association of Southern California (BIA-SC) is a non-profit trade association representing 1,800 member companies with more than 250,000 employees. The mission is to promote and protect the industry to ensure members' success in providing homes for all Southern Californians. Metropolitan works with BIA-SC to encourage plumbing and landscape water conservation measures in new homes and regularly participates in education and advocacy efforts coordinated by BIA-SC to identify common interests between construction and water policy for the region. This membership includes the California Building Industry Association (CBIA). [*BIA-SC \$11,000 and CBIA \$5,000*] [*External Affairs*]

Building Owners & Managers Association (BOMA) \$2,333

The Building Owners & Managers Association is a source of information for office building development, leasing, building operating costs, energy consumption patterns, local and national building codes, legislation, occupancy statistics and technological developments. [*Integrated Operations Planning and Support Services*]

CalDesal \$5,000

CalDesal is a non-profit organization formed by California's public water agencies and other stakeholders to support seawater desalination, brackish groundwater desalination, and salinity management in California. The organization promotes related policy, participates in state regulatory processes, authors and monitors legislation, holds annual conferences and workshops, and performs stakeholder outreach. Metropolitan is a founding member of CalDesal and currently serves on several committees, including the Executive Committee and Board of Directors. CalDesal is Metropolitan's primary vehicle for addressing state-level challenges related to desalination. [*Water Resource Management*]

California Contract Cities Association (CCCA) \$4,000

The CCCA is a statewide association of cities which contract with outside organizations for their services. The Associate Members Program provides its members with participation in contract cities' forums, events and other meetings with local elected officials, and their staff. Members attend CCCA's monthly board of director meetings and participate in the development of its educational programs and proposed legislative priorities. [*External Affairs*]

California Data Collaborative (CaDC) \$5,500

The CaDC launched in January 2016 and is a non-profit network of water agencies aiming to build a community of "better water data." The CaDC's mission is to build a new water data infrastructure that empowers water professionals with the tools and knowledge to make informed, data-driven decisions to ensure reliable water for California today and into the future. To develop these technical solutions for the water industry the CaDC has built and maintained a secure database of metered water use and rebate participation data. The CaDC also hosts the annual California Water Data Summit, a premier event that fosters collaboration and new opportunities for water data experts. [*Water Resource Management*]

California Farm Water Coalition (CFWC) \$2,500

The California Farm Water Coalition (CFWC) was formed in 1989 in the midst of a six-year drought to increase public awareness of agriculture's efficient use of water and promote the industry's activities and responsiveness to address environmental issues. [*External Affairs*]

California Foundation on the Environment & the Economy (CFEE) \$21,000

The California Foundation on the Environment & the Economy (CFEE) is an independent, non-profit institution dedicated to educating public and private sector decision-makers on creative solutions to California's economic, environmental and social issues. The foundation brings together senior executives from major corporations, statewide labor leaders, and the leading advocates from environmental and

consumer organizations to meet with legislators and regulatory officials. CFEE seeks full exploration of controversial issues in a manner that encourages the development of common interests and workable policies rather than institutionalized conflict. *[External Affairs]*

California Land Surveyors Association (CLSA) **\$1,150**

CLSA provides critical technical resources, professional education, and updates on state surveying standards and regulations. Membership enables staff to remain current with evolving practices, ensuring accuracy and compliance in surveying activities that support the District's infrastructure and property management. This professional engagement strengthens the quality of our capital projects and upholds the District's commitment to sound engineering practices. *[Engineering Services Group]*

California Special Districts Association (CSDA) **\$9,785**

The California Special Districts Association (CSDA) is committed to educating all policy leaders on the role special districts play in delivering public services to California citizens. In addition, CSDA brings issues of importance to local government agencies. Metropolitan regularly participates in the outreach activities offered by the organization when a water policy issue is involved. *[External Affairs]*

California Utilities Emergency Association (CUEA) **\$6,204**

The California Utilities Emergency Association serves as a point-of-contact for critical infrastructure utilities and the California Office of Emergency Services (Cal OES) and other governmental agencies before, during and after an event. CUEA facilitates communications and cooperation between member utilities, public agencies and non-member utilities; provides emergency response support wherever practical for electric, petroleum pipeline, telecommunications, gas, water and wastewater utilities; and supports utility emergency planning, mitigation, training, exercises and education. *[Office of Safety, Security & Protection]*

California Water Data Consortium (CWDC) **\$20,000**

The California Water Data Consortium (Consortium) is a nonprofit organization supporting California's implementation of the Open and Transparent Water Data Act of 2016. The Consortium facilitates collaboration between state agencies, the water industry, and other stakeholders. Metropolitan co-founded the Consortium in 2019 and helped lead its development. In 2020, Metropolitan invested \$200,000 to fund the Consortium's launch and its early operations. Metropolitan holds a position on the Consortium's Board and participates in its committees and studies. *[Water Resource Management]*

California Water & Environmental Modeling Forum (CWEMF) **\$2,500**

The California Water & Environmental Modeling Forum (CWEMF) is a modeling clearinghouse that provides an open forum for the exchange, improvement, pooling of models, modeling information and professional resources; and mediating technical disputes involving physical, chemical, biological and economic modeling. *[Bay-Delta Initiatives]*

Catalyst **\$20,000**

Catalyst is a global nonprofit that has been the recognized expert at the forefront of women's advancement and inclusion since the 1960's. They deliver trusted insights on gender equity at work, powered by intersectional research and global experts. *[Office of Diversity, Equity, and Inclusion]*

Centre for Energy Advancement through Technological Innovation (CEATI) **\$24,154**

The CEATI is a utility-driven organization, providing impactful solutions to its members, leveraging the benefits of its powerful network of over 150 utilities. Through harnessed innovation and empowered collaboration, CEATI offers specialized interest groups to advance Metropolitan in the areas of asset management, transmission planning/operations, and dam safety through utility-only exchange and technical training. *[Integrated Operations Planning and Support Services]*

Central City Association of Los Angeles (CCA) \$14,000

CCA advocates for the downtown business community. The association represents more than 300 businesses, trade associations and nonprofits from a broad range of industries. CCA maintains close relationships with various governmental agencies and is actively involved in the legislative process. The association has identified water supply as crucial to maintaining and improving Los Angeles's economy and has supported Metropolitan on major state water legislation. *[External Affairs]*

Chlorine Institute, Inc. \$0

The Chlorine Institute, founded in 1924, is a trade association of companies and other entities that are involved or interested in the safe production, distribution and use of chlorine, sodium and potassium hydroxides, sodium hypochlorite and the distribution and use of hydrogen chloride. Dues were overpaid in FY 2024 and applied as a credit in FY 2025. *[Office of Safety, Security & Protection]*

Clean Water SoCal \$1,920

Clean Water SoCal, formerly the Southern California Alliance of Publicly Owned Treatment Works (SCAP), is a non-profit corporation organized to help ensure that regulations affecting POTWs and collection systems are reasonable and in the public's best interest. *[Office of Safety, Security & Protection]*

Climate Registry \$7,567

The Climate Registry was established to continue and expand the work of the California Climate Action Registry, which began in 2001 to support businesses in managing and reducing greenhouse gas emissions. Recognizing the need for consistent, integrated data beyond California, The Climate Registry now serves all of North America as a non-profit collaboration of states, provinces, territories, and native sovereign nations. It sets transparent standards for calculating, verifying, and publicly reporting emissions, supporting both voluntary and mandatory programs. Metropolitan's membership strengthens its energy management initiatives by encouraging the development of GHG inventories, baselines, and efforts to reduce overall emissions. *[Engineering Services Group - \$6,067; Office of Sustainability, Resilience, and Innovation \$1,500]*

Coalition for Environmental Protection, Restoration, and Development (CEPRD) \$10,000

The Coalition for Environmental Protection, Restoration, and Development (CEPRD) is an organization whose mission is to facilitate comprehensive, multipurpose, stakeholder-driven consensus approaches and to promote education and solutions to environmental issues by expanding working relationships among environmental regulatory agencies at the federal, state, regional and local levels. *[External Affairs]*

Colorado River Water Users Association (CRWUA) \$0

CRWUA is a non-profit, non-partisan organization providing a forum for exchanging ideas and perspectives on Colorado River use and management with the intent of developing and advocating common objectives, initiatives and solutions. There is no organizational membership cost, but individual dues are a part of the annual conference registration. Metropolitan provides support to their annual year-end conference. Membership is active; however, no funding was requested for FY 2024/25. *[Water Resource Management]*

Construction Industry Coalition of Water Quality (CICWQ) \$3,000

CICWQ comprises the Associated General Contractors of California, Building Industry Association of Southern California, Engineering Contractors Association and the Southern California Contractors Association, and works to develop plans and regulations that will balance the goals of clean water with the need for a healthy construction-oriented economy. *[External Affairs]*

Council on Governmental Ethics Law (COGEL) \$445

The Council on Governmental Ethics Law (COGEL) is a governmental entity responsible for the administration of governmental ethics laws. Membership includes all Ethics Office staff. *[Office of Ethics]*

Design-Build Institute of America (DBIA) \$500

The Design-Build Institute of America (DBIA) was established to promote the value of design-build project delivery and teaches the effective integration of design and construction services to ensure success for owners and design and construction practitioners. DBIA is the industry's preeminent resource for leadership, education, objective expertise and best practices for the successful integrated delivery of capital projects. *[Engineering Services Group]*

Downtown San Diego Partnership \$3,300

Downtown San Diego Partnership provides Metropolitan the opportunity to actively engage in dialogue and participate in shaping water policies and outreach opportunities with the business community and leaders in San Diego. *[External Affairs]*

Family Farm Alliance \$1,100

The Family Farm Alliance is a grassroots organization of family farmers, ranchers, irrigation districts and allied industries in 16 Western states, focused on ensuring the availability of reliable, affordable irrigation water supplies to western farmers and ranchers. The Alliance advocates at the state and federal levels for sound water and environmental policies and legislation. Metropolitan participates in educational forums and activities sponsored by Family Farm Alliance. *[External Affairs]*

Grants Professional Association (GPA) \$255

Established in 1998, GPA is the largest professional association dedicated to grant professionals. It is a membership-based organization and represents a range of grant professionals who service a variety of organizations. The association is dedicated to providing its members with educational training and resources to help them advance themselves and, in turn, the industry. GPA and its affiliates work to advance the profession, certify professionals, and fund professionalism. *[Office of Sustainability, Resilience, and Innovation]*

Government Finance Officers Association (GFOA) \$1,910

The Government Finance Officers Association (GFOA), founded in 1906, represents public finance officials throughout the United States and Canada. The association's more than 20,000 members are federal, state/provincial, and local finance officials deeply involved in planning, financing, and implementing thousands of governmental operations in each of their jurisdictions. GFOA's mission is to advance excellence in public finance. *[Finance and Administration]*

Greater West Covina Business Association (GWCBA) \$700

The Greater West Covina Business Association (GWCBA) provides leadership in serving the interests of businesses, to provide the interrelationships among businesses within the community, to encourage participation with the civic and educational organizations and programs within the Greater West Covina area and to advocate on behalf of the GWCBA members by addressing their needs and concerns. Through membership in the organization, Metropolitan can promote its initiatives and legislative priorities to local business owners. *[External Affairs]*

Harbor Association of Industry and Commerce (HAIC) \$1,500

Established in 1975, the Harbor Association of Industry and Commerce (HAIC) is a non-profit industrial and trade association that advocates for the harbor business community on trade, transportation, energy, environmental and land use issues. The HAIC monitors legislation and provides a forum for industrial and

government speakers. The organization provides Metropolitan with the opportunity to develop strategic relations with local business owners to promote Metropolitan's initiatives. *[External Affairs]*

Hydraulic Institute (HI) **\$2,400**

HI is the largest association of pump industry manufacturers in North America and has served member companies and pump users by providing product standards and a forum for the exchange of industry information. The Institute offers a wide variety of programs and services tailored to member needs, standards development, networking opportunities, access to specific statistical data and economic reports, promotional opportunities, educational materials, industry news and participation in industry initiatives. *[Engineering Services Group]*

IdeaScale **\$24,999**

IdeaScale is a cloud-based software company that licenses innovation management software employing crowdsourcing. Users create a profile on IdeaScale, and once they are members of a community, they can submit ideas, comment, and vote on other ideas, and the most popular ideas are prioritized at the top based on the number of votes the idea receives. Once a promising idea has been identified, the software allows teams to form around the idea. The team can add more information to the idea, refine it, propose it to leadership, and the best ones are selected using sophisticated decision matrix capabilities. *[Office of Sustainability, Resilience, and Innovation]*

Inland Action **\$5,042**

Inland Action is a non-profit, non-partisan corporation of business and community leaders who have joined together to be catalysts for the economic well-being of the Inland Empire region of California since 1962. Participation in the organization offers Metropolitan an opportunity to participate in Inland Action's federal and state legislative forums and advocacy. *[External Affairs]*

Inland Empire Economic Partnership (IEEP) **\$5,000**

The Inland Empire Economic Partnership (IEEP) works collaboratively with prominent business and government leaders to enhance the quality of life in the region by making it a great place to live, work and invest. IEEP focuses on building and strengthening the many diverse communities representing the region to address current deficits in human capital, transportation infrastructure, educational attainment, environmental quality, and political influence. IEEP Government Affairs Committee is active in informing and educating state and federal legislators about regional issues of importance to its membership. *[External Affairs]*

Institute of Internal Auditors (IIA) **\$1,980**

The Institute of Internal Auditors (IIA) is an international professional association of more than 260,000 members. The IIA is the internal audit profession's global voice, recognized authority, acknowledged leader, chief advocate and principal educator for internal auditing, risk management, governance, internal control, information technology audit, education and security. *[Office of the General Auditor]*

Institute for Management Studies **\$4,800**

The Institute for Management Studies provides managers the opportunity to attend one-day seminars on select topics identified for their development and is a requirement of the Metropolitan Management University curriculum. IMS programs cover core strategic, functional and soft-skills topics such as communication, strategic planning, critical thinking, customer service, finance, diversity and inclusiveness, productivity, resilience, coaching and mentoring, team building, and conflict. *[Human Resources]*

International Right-of-Way Association (IRWA) **\$7,445**

Established as a non-profit association in 1934, IRWA has provided educational programs and professional services worldwide. The industry-specific curriculum allows for professional credentialing with a focus on

four industries: Electric & Utilities, Public Agencies, Oil & Gas Pipeline, and Transportation. IRWA also offers certification opportunities in appraisal, asset management, negotiation and acquisition, relocation assistance, and the Uniform Act. *[Engineering Services Group - \$4,995 and Office of Sustainability, Resilience, and Innovation - \$2,450]*

Irrigation Association (IA) **\$290**

Since 1949, the Irrigation Association (IA) works to advance water conservation through efficient irrigation. This non-profit organization supports the irrigation industry by providing a voice for the industry on public policy issues related to standards, conservation and water-use on local, national and international levels; acting as a source of technical and public policy information within the industry; raising awareness of professional irrigation services; offering training and certification to industry professionals. The IA also promotes modern water management skills and techniques for irrigated agriculture, turf, landscape and golf. *[Water Resource Management]*

LandVision **\$7,914**

LandVision is a cloud-based mapping application that helps commercial real estate brokers, builders, and developers find opportunities. *[Office of Sustainability, Resilience and Innovation]*

Latin Business Association (LBA) **\$1,000**

The Latin Business Association promotes business growth and provides advocacy and business education. The membership represents more than 800,000 Latino businesses in California providing high-quality events, innovative programs and services, and useful and tangible resources that enhance business growth. *[Office of Diversity, Equity, and Inclusion]*

Los Angeles Business Council (LABC) **\$3,000**

The LABC represents business and civic leaders from across industry sectors. LABC's public policy interests include water, energy, housing, transportation, international trade and economic development. Metropolitan staff are active in the organization's Energy & Environment and Legislative Affairs committees. *[External Affairs]*

Los Angeles County Business Federation (BizFed) **\$20,000**

BizFed is an advocacy organization of chambers, trade associations, minority business groups, economic development organizations and business improvement districts. The organization advocates at the local, state and federal levels. Metropolitan staff are active in BizFed's Water and Advocacy committees. *[External Affairs]*

Lux Virtual **\$17,000**

Lux Virtual is a full-service creative agency and digital media studio based in Los Angeles, California, dedicated to helping clients "illuminate brilliant ideas." The firm specializes in transforming complex and hard-to-understand concepts into clear, engaging, and visually compelling stories through video and animation storytelling, augmented and virtual reality (AR/VR), website development, and social media outreach. *[Office of Sustainability, Resilience, and Innovation]*

Municipal Information Systems Association of California (MISAC) **\$1,000**

MISAC comprises public agency information technology professionals working throughout California. MISAC promotes the understanding and strategic use of information technology within local government agencies through sharing of best practices. In carrying out its mission, the organization focuses on four key components: relationships, member resources, education and professional development, and advocacy. *[Information Technology]*

Multi-States Salinity Coalition (MSSC) \$0

The MSSC was established in 2001 to advance the common interests of water utilities, federal agencies and other stakeholders across the country surrounding salinity management and desalination practices, funding, and implementation. MSSC holds annual salinity summits to foster communication and dialogue with stakeholders. Metropolitan serves on the MSSC's Board, participates in quarterly member meetings, and supports MSSC's annual salinity summit. The MSSC does not collect dues and funds operations through conference registrations and sponsorships. *[Water Resource Management]*

National Alliance for Water Innovation (NAWI) \$0

Metropolitan joined NAWI in 2020. NAWI is a research consortium formed to accelerate transformative research in desalination and treatment to lower the cost and energy required to produce clean water from nontraditional water sources. The Department of Energy (DOE) awarded NAWI a five-year, \$100 million grant to advance early-stage technologies and to act as the US's desalination research hub. NAWI is working on securing a second grant from the DOE to support on-going research. NAWI is implemented by staff from Lawrence Berkeley National Laboratory. As a member, Metropolitan engages with NAWI by providing input on research needs for the municipal sector and participating in meetings, webinars and conferences. Membership is active; however, no funding was requested for FY 2024/25. *[Water Resource Management]*

National Association of Bond Lawyers (NABL) \$625

The National Association of Bond Lawyers has promoted the integrity of the municipal market through the education of its members in the laws affecting state and municipal bonds. NABL serves as a forum for the exchange of ideas as to law and practice, giving members valuable tools to help them continually improve the state of the art in the field. NABL also provides commentary and recommendations at the federal, state, and local levels with respect to legislation, regulations, and rulings affecting bonds, and on occasion submits friend of the court briefs or memoranda in connection with court or administrative proceedings. *[Office of the General Counsel]*

National Association of Clean Water Agencies \$10,470

NACWA's mission is to help build a strong and sustainable clean water future. NACWA represents public wastewater and stormwater agencies of all sizes nationwide. The Association's network strengthens the advocacy voice for all member utilities and ensures they have the tools necessary to provide affordable and sustainable clean water for all. *[External Affairs]*

National Association of Government Defined Contribution Administrators (NAGDCA) \$1,200

Founded in 1980, the National Association of Government Defined Contribution Administrators (NAGDCA) is a professional organization made up of the deferred compensation/defined contribution plan administrators from all 50 states and more than 100 local governments and entities, as well as private industry plan providers. *[Human Resources]*

National Association of Minority Contractors - Southern California (NAMC-SC) \$1,000

The National Association of Minority Contractors of Southern California (NAMC-SC) provides Metropolitan with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors or construction contracts. *[Office of Diversity, Equity, and Inclusion]*

National Association of Women Business Owners (NAWBO) – Various Chapters

The National Association of Women Business Owners (NAWBO) supports business and economic issues affecting women-owned businesses. The association provides Metropolitan with the opportunity to encourage local small business owners to bid on contracts or to serve as subcontractors for purchasing, professional, or construction contracts. Chapter memberships include Inland Empire, Los Angeles, Orange County, San Diego, and Ventura County. *[Office of Diversity, Equity, and Inclusion]*

National Association of Women Business Owners - California	\$2,000
National Association of Women Business Owners – Inland Empire	\$1,000
National Association of Women Business Owners – Los Angeles	\$1,000
National Association of Women Business Owners – Orange County	\$1,000
National Association of Women Business Owners - San Diego	\$2,000
National Association of Women Business Owners - Ventura	\$1,000

National Grants Management Association **\$745**

The National Grants Management Association supports more than 7,000 professionals across grants management, including supervisory, support, accounting and compliance roles. NGMA provides the education, resources, community, and support that professionals need to understand grants management guidance; advance professionally and personally; and expand their network. *[Office of Sustainability, Resilience, and Innovation]*

National Latina Business Women Association

The National Latina Businesswomen Association provides Metropolitan with the opportunity to encourage local small business owners to bid on contracts or to serve as subcontractors for purchasing, professional, or construction contracts. Memberships include Inland Empire (NLBWA-IE) and Los Angeles (NLBWA-LA) chapters. *[Office of Diversity, Equity, and Inclusion]*

National Latina Business Women Association – Inland Empire **\$1,500**

National Latina Business Women Association – Los Angeles **\$1,500**

National Notary Association (NNA) **\$0**

The NNA provides information updates on the laws, regulations, and practices for Notary Publics in the state of California. NNA also provides its members with mandatory classes, errors and omissions insurance, bonds, and notary supplies at a discount and delivers services, training and information needed to perform Notary and Signing Agent duties. Membership is active; however, no funding was requested for FY 2024/25. *[Office of the General Counsel]*

National Protection Fire Agency (NFPA) **\$225**

NFPA is a prominent non-profit organization that sets and publishes, fire, electrical, and building safety codes and standards, influencing public and private sector safety measures worldwide. The organization provides research, training, and educational programs to promote fire safety and public awareness. They advocate for fire safety policies and works with government bodies to advance fire safety practices. *[Engineering Services Group]*

National Safety Council (NSC) **\$499**

The NSC is a mission-based organization focused on eliminating the leading cause of preventable death and injury. Membership benefits include world-class thought leadership, dynamic on-the-ground workplace safety consulting services, and membership in NSC Networks. *[Office of Safety, Security & Protection]*

North American Interstate Weather Modification Council (NAIWMC) **\$500**

NAIWMC is a nonprofit, tax-exempt organization of regulatory agencies, sponsoring organizations, and research institutions involved in atmospheric water resource management technology, commonly known as weather modification or cloud seeding, and facilitates the free exchange of information regarding cloud seeding research and operations in North America. *[Water Resource Management]*

Oracle Applications Users Group (OAUG) \$1,095

The OAUG is the world's largest education, networking and advocacy forum for Oracle applications users and provides Metropolitan with training and member support. *[Finance and Administration]*

Orange County Business Council (OCBC) \$5,000

OCBC represents the business community, working with government and academics to enhance Orange County's economic development and prosperity. *[External Affairs]*

Phylmar Group, Inc. \$8,750

The Phylmar Group is an organization that partners with companies on challenging environmental, health and safety and social responsibility issues. *[Office of Safety, Security & Protection]*

Qualified Water Efficient Landscaper (QWEL) \$3,000

The QWEL training presents an affordable, proactive, local approach to reducing landscape water demand. QWEL is a program of the Sonoma-Marín Saving Water Partnership (Partnership) and an EPA WaterSense labeled professional certification program for irrigation system audits. The annual licensing fee is to cover ongoing costs associated with the QWEL program and is based on the number of active certified professionals at the end of each calendar year. *[Water Resource Management]*

San Gabriel Valley Economic Partnership \$3,500

The San Gabriel Valley Economic Partnership works collaboratively with prominent business and government leaders in many diverse communities representing the San Gabriel Valley to continue advocating for needs in transportation infrastructure, business development, educational attainment, environmental quality, and political influence. Through membership in the organization, Metropolitan participates in their Legislative Action Committee to develop strategic relations with local business owners and promote Metropolitan's initiatives and legislative priorities. *[External Affairs]*

San Gabriel Valley Employment Relations Consortium \$4,830

The San Gabriel Valley Employment Relations Consortium is coordinated through Liebert Cassidy Whitmore, who are public employment lawyers. Metropolitan's membership allows staff to attend group training workshops with other public entities on employment relations topics. *[Human Resources]*

SAVE International (SAVE) \$2,000

SAVE advances and promotes the value methodology, also known as value engineering, through publications, conferences and an internationally recognized certification program. SAVE offers educational programs and materials on subjects crucial to Metropolitan operations and offers coursework through more than 30 universities. *[Engineering Services Group]*

Society for Mining, Metallurgy & Exploration (SME) \$2,320

SME is a professional non-profit organization that represents professionals serving the minerals industry in more than 100 countries. SME members include engineers, geologists, metallurgists, educators, students and researchers and advances the worldwide mining and underground construction community through information exchange and professional development. *[Engineering Services Group]*

South County Economic Development Council (SCEDC) \$385

SCEDC comprises business leaders and public officials working together to create economic opportunities in San Diego's south county region and in Mexico. As a member, Metropolitan works with business leaders on special committees such as transportation, infrastructure and public policy. *[External Affairs]*

South Orange County Economic Coalition **\$1,500**

The South Orange County Economic Coalition is a non-profit organization that represents the business community in South Orange County. Membership allows Metropolitan to educate community leaders, local elected officials, legislators, and staffers on Metropolitan's water policy. *[External Affairs]*

Southern California Contractors Association (SCCA) **\$1,100**

SCCA is a leader in labor negotiations with the major trade union locals in Southern California, coordinating with other associations. This practice has resulted in long-term relationships with the trades that resolve issues equitably for all parties. SCCA is the Southern California chapter of the American Road and Transportation Builders Association, an advocacy group for improving our nation's transportation infrastructure. *[External Affairs]*

Southern California Minority Supplier Development (SCMSDC) **\$2,000**

Southern California Minority Supplier Development Council (SCMSDC) drives opportunities and collaboration between corporations and minority businesses by (1) certifying qualified MBEs, (2) developing certified MBEs through capacity-building programs, (3) providing development opportunities for supplier diversity professionals, (4) connecting corporations with certified MBEs, bringing MBEs together to do business with each other, and fostering the development of a thriving procurement/supplier diversity community, and (5) advocating for minority business and supplier diversity and inclusion *[Office of Diversity, Equity, and Inclusion]*

Southern California Salinity Coalition (SCSC) **\$10,000**

Metropolitan helped launch SCSC in 2002 to address the critical need for salinity management in Southern California. Membership includes water and wastewater agencies along with groundwater basin managers and watershed management agencies. The SCSC performs advocacy and stakeholder outreach, co-funds research and studies, holds regional salinity summits and funds an annual student fellowship. In FY 2024/2025, the SCSC continued implementing studies related to blending desalinated seawater with traditional source waters, the potential for a new brine line in Los Angeles County, and exploration of new treatment processes for potable reuse. *[Water Resource Management]*

Southern California Water Coalition (SCWC) **\$15,000**

The SCWC, established in 1984, is a non-profit public education partnership dedicated to informing Southern Californians about water needs and the state's water resources. SCWC works to ensure the health and reliability of Southern California's water supply. Members include leaders from business, regional and local government, agricultural groups, labor unions, environmental organizations, water agencies and the general public. *[External Affairs]*

Southwest California Legislative Council (SWCLC) **\$3,000**

Founded in 2004, the Southwest California Legislative Council (SWCLC) is the regional business advocacy coalition of the Temecula Valley Chamber of Commerce, Murrieta Chamber of Commerce, Lake Elsinore Valley Chamber of Commerce, Menifee Chamber of Commerce and Wildomar Chamber of Commerce. SWCLC provides Metropolitan with the opportunity to develop strategic relations with local businesses to promote Metropolitan's local, regional, state and federal legislative agenda. *[External Affairs]*

State Bar of California (CalBar) **\$12,878**

Membership in the State Bar of California is mandatory for attorneys who practice law in California. The organization provides for testing, certification, and discipline of all California attorneys. *[Office of the General Counsel]*

State Water Project Contractors Authority (SWPCA) \$0

The SWPCA was formed in 2003 as a joint powers organization of interested SWP contractors that could provide specialized expertise for specific projects. The Board of Directors placed SWPCA on hiatus due to the lack of activity and assigned its agreements and functions for the MWQI specific project committee to the State Water Contractors. SWPCA has no ongoing activities, and no funding is requested for FY 2024/25. *[Water Resource Management]*

Sustain SoCal \$5,000

Sustain SoCal is a regional non-profit organization dedicated to advancing cleantech economic growth and sustainable environmental practices in Southern California. Its mission emphasizes innovation, collaboration and education as the core pillars for accelerating sustainable outcomes across the region. *[Office of Sustainability, Resilience, and Innovation]*

UC Regents \$3,000

This membership provides access to the UCLA Anderson Forecast and its timely economic information, which is used in Metropolitan's forecasting and analysis. *[Water Resource Management]*

Underground Service Alert \$16,354

Underground Service Alert provides a call service for public and private excavators at a work site to help prevent pipeline ruptures and promote worker safety. Metropolitan utilizes the service to ascertain clearance to dig, then mark or stake the horizontal path. Underground Service Alert provides simple, safe information to protect pipelines from being damaged and protect its excavators from personal injury. According to California law, every operator of an underground pipeline (or other underground facility) is mandated to participate and share the costs for a regional notification center. *[Engineering Services Group]*

United Contractors \$1,026

United Contractors (UCON) Association has created a small business contractor committee. Metropolitan co-chairs the committee and uses the platform to educate and train small business contractors. The relationship helps bring awareness to bid opportunities at Metropolitan. *[Office of Diversity, Equity, and Inclusion]*

Urban Water Institute, Inc. \$3,000

The Urban Water Institute provides the non-partisan exchange of information regarding emerging technologies and policy issues in the water resources industry, with an emphasis on water economics, management and resources. *[External Affairs]*

U.S. Society of Dams (USSD) \$790

USSD is a world class organization dedicated to advancing the role of dam and levee systems and building the community of practice. Members are professionals who advance the environmentally sustainable science of planning, design, construction, operation, and maintenance of dams, levees, and associated civil engineering projects. They lead the nation, and work with partner organizations worldwide to resolve the world's most critical resource problem: access to clean water. *[Engineering Services Group]*

U.S. Water Alliance \$19,800

U.S. Water Alliance is a national membership organization that advances policies and programs that build a sustainable water future for all. Members work in every discipline of water management, including drinking water, wastewater, stormwater, water reuse, flood and groundwater management, and watersheds. *[External Affairs]*

Valley Industry and Commerce Association (VICA) \$9,000

VICA represents businesses in the San Fernando Valley through public policy, legislative advocacy, grassroots efforts and community engagement at all levels of government.
