Chapter 5

WATER SERVICE REGULATIONS - GENERAL

§ 4507. Billing and Payment for Water Deliveries.

(a) **Timeframe for Billing and Payment.** Except as noted herein below, invoices shall be mailed electronically, or, if requested by the member agency, by hardcopy via United States mail, not later than the tenth day of the month following delivery to a member public agency. Each such invoice shall indicate the date of mailing and the date on which the payment thereunder becomes delinquent and shall show the total amount of water delivered for each class of service, the charges for water sold and delivered for each class, the readiness-to-serve and capacity charges, as applicable, and the total amount due and owing, all as determined by the General Manager. Payment of the amount shown on any such invoice shall be due on the last business day of that month and shall be delinquent if not received by the Treasurer of the District before the close of crediting activity on the last business day of the first month following such

date of mailing. When making any such payment the member public agency shall specify the invoice or invoices to which the payment shall be credited by the District.

(1) For purposes of Section 4507(a), "business day" shall mean any day other than a Saturday, a Sunday, or a Holiday (as defined in Section 1106).

(2) For purposes of Section 4507(a), "received by the Treasurer of the District" shall mean receipt either (1) in the office of the Treasurer or (2) by crediting pursuant to advance agreement with the Treasurer to the District's general demand account at the District's principal depository bank, in such form that the funds are immediately available for investment or other use or disposal by the District.

(3) For purposes of Section 4507(a), "crediting activity" shall mean either (1) 2:00 p.m. if payment is delivered to the office of the Treasurer, or (2) the cutoff time for crediting by the District's principal depository bank of that day's transactions if payment is initiated by wire transfer, automated clearinghouse transfer, interbranch transfer, direct deposit, or by other means pursuant to advance agreement with the Treasurer.

If, under advance agreement with the Treasurer, a member agency has authorized payment of any invoice by automated clearinghouse transfer initiated by the Treasurer, the Treasurer shall initiate such transfer for processing two business days prior to the business day on which such payment shall be delinquent. Failure of such transfer shall not relieve such member agency from liability for such payment or charges in the event such payment should become delinquent, except as specifically provided under advance agreement with the Treasurer.

(b) Full Service and Emergency Storage Program Facility. In cases where water through a particular facility is delivered during any month for full service or Emergency Storage Program Service, the bill for water delivered in such month will be prepared by applying the rates for water sold and delivered in full service to the total quantity of water delivered. If the member public agency desires to receive credit for water used in Emergency Storage Program Service, the facts concerning the quantities of water so used must be certified to the District via the District's electronic certification and billing system by an authorized user for the member public agency purchasing such water as provided for in Section 4507 (c). The amount of such credits shall be based on the difference in water rates in effect at the time the water is used.

(c) Late Certifications. Based on available information, the District will notify a member agency for any certification that it has not received, if known, three months from the end of the month for which the agency would normally certify. No certification received after six months following the end of any month in which such a credit is claimed will be accepted. Certifications must be received by Metropolitan before 3:30 p.m. on the third working day after the end of the month to receive credit for any preceding month on the next bill, subject to the provisions with respect to late certifications in this Section. This Section applies to all cases where a certification is required to receive a credit, whether or not specifically named in this Section, unless otherwise provided by this Code.

(d) **Determination by General Manager as to Type of Delivery.** In the event the respective quantities of water sold and delivered in any month on order of any member public agency for use therein in any water program or contract requiring certification, are not determinable to the satisfaction of the General Manager in time for preparing regular monthly bills, then billing and payment for all water sold and delivered in such month to such member public agency shall be made at the rates prescribed for water used in full service in Section 4401(a)(1) hereof. Upon the determination by the General Manager of the correct quantities of water sold and delivered and used in any water program or contract requiring certification, any adjustment which is necessary to give effect to the applicable credit for the water used in any water program or contract requiring certification, shall be made by application of credits on subsequent purchases of water from the District by such member public agency. Such adjustments shall not be made in cases where a claim for the applicable credit is not submitted within the period provided in Section 4507(c).

(e) **Obligation to Pay for Appropriate Class of Service.** If water has been sold and delivered at the rates prescribed for water sold in any water program or contract and appropriate certifications have been submitted for the water so used, but the water has in fact been used in full service or another class of service, the member public agency shall be obligated to pay the difference between the rates prescribed for water sold for the applicable water program or contract and the rates prescribed for the class of service actually used.

(f) **Submission of Documentation by Member Agency.** With respect to water sold and delivered at the rates prescribed for water sold under water programs or contract (unless otherwise specified in an agreement with the District), original documentation supporting the use of such water as certified must be submitted no later than December 31 following the end of the fiscal year for which a certification is submitted, unless otherwise specified in an agreement with the District. If the documentation is not submitted by December 31 following the end of the fiscal year for which a certification was submitted, an agency will receive a late penalty of \$2,500. If the agency does not submit documentation by February 28/29 following the end of the fiscal year for which a certification was submitted, it shall be conclusively presumed that:

(1) The water sold from the District was used for full service, and the District's next monthly billing shall reflect such adjustment; or

(2) The yield was not produced as certified and the District's next monthly billing shall reflect such adjustment.

This provision will apply individually to each program or agreement that an agency or sub-agency participates in separately.

(g) **Review Process.** With respect to water sold and delivered at the rates prescribed for water sold under water programs or contract (unless otherwise specified in an agreement with the District) the District will complete its review within twelve months from date of receipt of the original supporting documentation.

(1) Should the District not complete its review within twelve months of the submittal of all source documentation, the review will be considered complete and the certifications final.

(2) When the review is completed, the District will notify the member agency of its initial findings for its comments. The member agency will provide its comments within 60 days. Metropolitan staff and the agency will work together to reconcile any differences.

(3) If the member agency and Metropolitan staff cannot reconcile the differences, Metropolitan's Water System Operations' Group Manager has the responsibility to consult with the member agency and make a final ruling, subject to the General Manager's oversight. If the ruling is unsatisfactory to the agency, it can be appealed to Metropolitan's ~~Finance and Asset Management~~ Finance, Affordability, Asset Management, and Efficiency Committee.

(4) If the member agency does not provide further documentation correcting Metropolitan staff findings within the 60-day comment period as specified in (g) (2), then it shall be conclusively presumed that the District's findings are correct and the District's next monthly billing shall reflect such adjustment.

(h) Discovery of Mistakes or Errors. In the event a mistake or error is discovered in a District water sales record, the General Manager shall initiate appropriate corrective action. No mistake or error made more than three years prior to its discovery shall be corrected unless otherwise specified in an agreement with the District. In the event a mistake or error is discovered by a member agency in its water sales record or certifications, no mistake or error made more than three years prior to its discovery shall be corrected unless otherwise specified in an agreement with the District.

(1) A District water sales record shall include a water billing invoice, or district invoice for other water-related charges.

(2) If the District finds the mistake or error, the discovery of the mistake or error shall be documented in writing to the member agency. The date of discovery for corrective action purposes shall be the date notice is sent to the member agency.

(3) If the member agency discovers the mistake or error, the discovery of the mistake or error shall be documented in writing to the District by either a revised certification form or letter, whichever is applicable. The date of discovery for corrective action purposes shall be the date the certification or letter is received by the District.

(4) If an incorrect invoice has been issued to a member public agency, the General Manager shall notify the affected agency of any adjustment and the manner of making any required credit or charge, neither of which shall bear interest.

(5) Mistakes or errors shall also include but are not limited to mistakes or errors in metering or recording deliveries to member agencies, entry or calculation errors in fixed charges, discovery of errors in either a member agency or sub-agency submitted certification(s), or processing of a certification(s) for the Local Projects Program, the Local Resources Program, the Groundwater Recovery Program, Conservation Credit Program, or any other water management program or storage programs or agreements unless specified otherwise in the contract.

(6) Any mistakes or error for a fiscal year period that is less than five acre-feet cumulative by agency or sub-agency, by program or agreement, shall be waived.

(i) **Rate Change.** In the event that deliveries of water are made by the District to member public agencies over a billing period during which the District's water rates change, the General Manager may cause the meters recording deliveries of water during such period to be read at the end of the period and the statement of charges for such deliveries of water may be based on a proration between the previous and new water rates for the periods of time during which each were in effect as determined by the General Manager.

§ 4304. Apportionment of Revenues and Setting of Water Rates.

(a) Not later than at its February meeting the General Manager shall present to the Finance, Affordability, Asset Management, and Efficiency (FAAME) Committee of the Board:

(1) Determinations of the revenue requirements and cost of service analysis supporting the rates and charges required during the biennial period beginning the following July 1, as determined by the General Manager in accordance with current Board policies, and,

(2) Recommendations of rates including, but not limited to, the System Access Rate, Water Stewardship Rate, System Power Rate, Treatment Surcharge, and the Supply Rates for the various classes of water service to become effective each January 1 of the biennial period. These recommended rates shall be the General Manager's determination, made in accordance with current Board policies, of the rates necessary to produce substantially the revenues to be derived from water transactions, including, but not limited to, sales, exchanges, and wheeling, during the biennial period beginning the following July 1.

(b) Not later than at its February meeting, the General Manager shall also present to the FAAME Committee recommendations regarding the continuation of a water standby charge or the imposition of an availability of service charge (such as the readiness-to-serve charge and capacity charge), which shall be the General Manager's determination, made in accordance with current Board policies, of the charge necessary to produce substantially the revenues to be derived from fixed revenue sources, if any, exclusive of taxes, during the biennial period beginning the following July 1 which said committee has determined to be necessary.

(c) Not later than its February meeting the FAAME Committee shall set a time or times for, and shall thereafter hold, one or more meetings of said committee, to be held prior to its regular April meeting, at which interested parties may present their views regarding the proposed water rates and availability of service charges to the committee. The committee shall direct the General Manager to cause the publication of a notice of such public hearing to be published in newspapers of general circulation within the District's service area. Such notice shall be published not less than 10 days prior to the public hearing.

(d) Not later than its regular April meeting the FAAME Committee shall make its determination regarding the revenue requirement to be paid from water rates and the water rates to become effective each January 1 of the biennial period and shall recommend said water rates to the Board no later than the Board's regular April meeting.

(e) Not later than its April meeting, the Board shall establish water rates for deliveries beginning each January 1 of the biennial period.

Chapter 5

WATER SERVICE REGULATIONS - GENERAL

§ 4507. Billing and Payment for Water Deliveries.

(a) **Timeframe for Billing and Payment.** Except as noted herein below, invoices shall be mailed electronically, or, if requested by the member agency, by hardcopy via United States mail, not later than the tenth day of the month following delivery to a member public agency. Each such invoice shall indicate the date of mailing and the date on which the payment thereunder becomes delinquent and shall show the total amount of water delivered for each class of service, the charges for water sold and delivered for each class, the readiness-to-serve and capacity charges, as applicable, and the total amount due and owing, all as determined by the General Manager. Payment of the amount shown on any such invoice shall be due on the last business day of that month and shall be delinquent if not received by the Treasurer of the District before the close of crediting activity on the last business day of the first month following such date of mailing. When making any such payment the member public agency shall specify the invoice or invoices to which the payment shall be credited by the District.

(1) For purposes of Section 4507(a), "business day" shall mean any day other than a Saturday, a Sunday, or a Holiday (as defined in Section 1106).

(2) For purposes of Section 4507(a), "received by the Treasurer of the District" shall mean receipt either (1) in the office of the Treasurer or (2) by crediting pursuant to advance agreement with the Treasurer to the District's general demand account at the District's principal depository bank, in such form that the funds are immediately available for investment or other use or disposal by the District.

(3) For purposes of Section 4507(a), "crediting activity" shall mean either (1) 2:00 p.m. if payment is delivered to the office of the Treasurer, or (2) the cutoff time for crediting by the District's principal depository bank of that day's transactions if payment is initiated by wire

transfer, automated clearinghouse transfer, interbranch transfer, direct deposit, or by other means pursuant to advance agreement with the Treasurer.

If, under advance agreement with the Treasurer, a member agency has authorized payment of any invoice by automated clearinghouse transfer initiated by the Treasurer, the Treasurer shall initiate such transfer for processing two business days prior to the business day on which such payment shall be delinquent. Failure of such transfer shall not relieve such member agency from liability for such payment or charges in the event such payment should become delinquent, except as specifically provided under advance agreement with the Treasurer.

(b) Full Service and Emergency Storage Program Facility. In cases where water through a particular facility is delivered during any month for full service or Emergency Storage Program Service, the bill for water delivered in such month will be prepared by applying the rates for water sold and delivered in full service to the total quantity of water delivered. If the member public agency desires to receive credit for water used in Emergency Storage Program Service, the facts concerning the quantities of water so used must be certified to the District via the District's electronic certification and billing system by an authorized user for the member public agency purchasing such water as provided for in Section 4507 (c). The amount of such credits shall be based on the difference in water rates in effect at the time the water is used.

(c) Late Certifications. Based on available information, the District will notify a member agency for any certification that it has not received, if known, three months from the end of the month for which the agency would normally certify. No certification received after six months following the end of any month in which such a credit is claimed will be accepted. Certifications must be received by Metropolitan before 3:30 p.m. on the third working day after the end of the month to receive credit for any preceding month on the next bill, subject to the provisions with respect to late certifications in this Section. This Section applies to all cases where a certification is required to receive a credit, whether or not specifically named in this Section, unless otherwise provided by this Code.

(d) Determination by General Manager as to Type of Delivery. In the event the respective quantities of water sold and delivered in any month on order of any member public agency for use therein in any water program or contract requiring certification, are not determinable to the satisfaction of the General Manager in time for preparing regular monthly bills, then billing and payment for all water sold and delivered in such month to such member public agency shall be made at the rates prescribed for water used in full service in Section 4401(a)(1) hereof. Upon the determination by the General Manager of the correct quantities of water sold and delivered and used in any water program or contract requiring certification, any adjustment which is necessary to give effect to the applicable credit for the water used in any water program or contract requiring certification, shall be made by application of credits on subsequent purchases of water from the District by such member public agency. Such adjustments shall not be made in cases where a claim for the applicable credit is not submitted within the period provided in Section 4507(c).

(e) Obligation to Pay for Appropriate Class of Service. If water has been sold and delivered at the rates prescribed for water sold in any water program or contract and appropriate

certifications have been submitted for the water so used, but the water has in fact been used in full service or another class of service, the member public agency shall be obligated to pay the difference between the rates prescribed for water sold for the applicable water program or contract and the rates prescribed for the class of service actually used.

(f) Submission of Documentation by Member Agency. With respect to water sold and delivered at the rates prescribed for water sold under water programs or contract (unless otherwise specified in an agreement with the District), original documentation supporting the use of such water as certified must be submitted no later than December 31 following the end of the fiscal year for which a certification is submitted, unless otherwise specified in an agreement with the District. If the documentation is not submitted by December 31 following the end of the fiscal year for which a certification was submitted, an agency will receive a late penalty of \$2,500. If the agency does not submit documentation by February 28/29 following the end of the fiscal year for which a certification was submitted, it shall be conclusively presumed that:

(1) The water sold from the District was used for full service, and the District's next monthly billing shall reflect such adjustment; or

(2) The yield was not produced as certified and the District's next monthly billing shall reflect such adjustment.

This provision will apply individually to each program or agreement that an agency or sub-agency participates in separately.

(g) Review Process. With respect to water sold and delivered at the rates prescribed for water sold under water programs or contract (unless otherwise specified in an agreement with the District) the District will complete its review within twelve months from date of receipt of the original supporting documentation.

(1) Should the District not complete its review within twelve months of the submittal of all source documentation, the review will be considered complete and the certifications final.

(2) When the review is completed, the District will notify the member agency of its initial findings for its comments. The member agency will provide its comments within 60 days. Metropolitan staff and the agency will work together to reconcile any differences.

(3) If the member agency and Metropolitan staff cannot reconcile the differences, Metropolitan's Water System Operations' Group Manager has the responsibility to consult with the member agency and make a final ruling, subject to the General Manager's oversight. If the ruling is unsatisfactory to the agency, it can be appealed to Metropolitan's Finance, Affordability, Asset Management, and Efficiency Committee.

(4) If the member agency does not provide further documentation correcting Metropolitan staff findings within the 60-day comment period as specified in (g) (2), then

it shall be conclusively presumed that the District's findings are correct and the District's next monthly billing shall reflect such adjustment.

(h) **Discovery of Mistakes or Errors.** In the event a mistake or error is discovered in a District water sales record, the General Manager shall initiate appropriate corrective action. No mistake or error made more than three years prior to its discovery shall be corrected unless otherwise specified in an agreement with the District. In the event a mistake or error is discovered by a member agency in its water sales record or certifications, no mistake or error made more than three years prior to its discovery shall be corrected unless otherwise specified in an agreement with the District.

(1) A District water sales record shall include a water billing invoice, or district invoice for other water-related charges.

(2) If the District finds the mistake or error, the discovery of the mistake or error shall be documented in writing to the member agency. The date of discovery for corrective action purposes shall be the date notice is sent to the member agency.

(3) If the member agency discovers the mistake or error, the discovery of the mistake or error shall be documented in writing to the District by either a revised certification form or letter, whichever is applicable. The date of discovery for corrective action purposes shall be the date the certification or letter is received by the District.

(4) If an incorrect invoice has been issued to a member public agency, the General Manager shall notify the affected agency of any adjustment and the manner of making any required credit or charge, neither of which shall bear interest.

(5) Mistakes or errors shall also include but are not limited to mistakes or errors in metering or recording deliveries to member agencies, entry or calculation errors in fixed charges, discovery of errors in either a member agency or sub-agency submitted certification(s), or processing of a certification(s) for the Local Projects Program, the Local Resources Program, the Groundwater Recovery Program, Conservation Credit Program, or any other water management program or storage programs or agreements unless specified otherwise in the contract.

(6) Any mistakes or error for a fiscal year period that is less than five acre-feet cumulative by agency or sub-agency, by program or agreement, shall be waived.

(i) **Rate Change.** In the event that deliveries of water are made by the District to member public agencies over a billing period during which the District's water rates change, the General Manager may cause the meters recording deliveries of water during such period to be read at the end of the period and the statement of charges for such deliveries of water may be based on a proration between the previous and new water rates for the periods of time during which each were in effect as determined by the General Manager.

MISCELLANEOUS PROVISIONS

§ 6121. Interpretation and Administration.

The General Manager shall have authority to interpret and administer provisions of this Chapter, subject to appeal to the Organization, Personnel and Effectiveness Committee.

Chapter 2

PERSONNEL REGULATIONS

§ 6208. Pay Rate Administration.

(a) Pay rate schedules, as approved by the Board, shall include pay rate grades and pay rate ranges consisting of minimum and maximum rates of pay for each position. Except by action of the Board, or as provided in Section 6208(d), the hourly pay rate paid each employee shall be at least the minimum but not in excess of the maximum hourly pay rate prescribed for the applicable position. Notwithstanding any other provision of this section, the salaries of the department heads shall be fixed as a flat rate.

(b) Pay rates for Department Heads shall be individually fixed by the Board. Pay rates for all employees shall be fixed by their respective Department Heads within the ranges fixed by the Board for such positions in accordance with practices, policies and procedures promulgated by the General Manager. The Board at its August meeting will review each Department Head's salary and compensation after determining an overall performance rating for each Department Head, and make adjustments as appropriate, if any, based on salary comparisons, pay rate survey and/or performance, with any change to be effective at the beginning of the pay period that includes the prior July 1.

(c) Job descriptions in terms of duties and responsibilities shall be prepared by the Director of Human Resources for each position. Job descriptions for positions requiring appointment or approval of appointment by the Board shall be submitted to the Board for approval. Job descriptions for positions peculiar to the Legal or Audit Departments or Ethics Office shall be subject to approval of the General Counsel, General Auditor, or Ethics Officer as appropriate. It shall be the duty of Human Resources to insure that all employees are properly classified.

(d) The General Manager is authorized to provide for payment at a "Y" rate to any employee whose position is reclassified to a position in a lower pay rate or the pay rate of whose position is reduced and the General Manager may maintain the employee at a "Y" rate until such time as the General Manager deems the "Y" rate to be no longer justified. As used herein, "Y" rate means a pay rate higher than the highest rate applicable to the employee's position.

(e) New employees, upon entering District service, will be placed by the Director of Human Resources at a salary grade and step within the salary range appropriate for the position available and the applicant's qualifications. Employees who are promoted to a position in a higher range shall be paid at least the minimum of such range but not more than four steps over their prior rate or the fifth step of the higher pay rate range, whichever is higher, but not in excess of the maximum rate specified for the position to which promoted. New employees are eligible for a merit increase after completion of a six-month probationary period. The eligibility date for subsequent merit reviews shall be 12 months from the most recent merit increase, promotion or demotion, whichever is later. Employees at the top step of the pay range will not be eligible for any merit increase. Merit increases will be awarded as provided for by Section 6211.

(f) Pay rates for temporary employees in District service are the rates paid to regular employees in the same classifications.

(g) Subject to Section 6211, the performance of regular employees other than Department Heads, will be annually reviewed by their Department Heads to determine eligibility for merit increases under evaluation procedures, guidelines and rules developed by the General Manager. Changes in pay rate ranges approved by the Board have no effect upon these limitations.

(h) Pay Rate Survey.

(1) As needed, the General Manager has the authority to cause a survey to be made of rates of pay and benefits of employees of other organizations specified by the Board, and may thereafter recommend to the Board revisions in the pay rate structure and benefits for employees. The survey need not include positions for which pay rates are established pursuant to a memorandum of understanding approved by the Board which is in effect for the entire calendar year. Action, if any, on the pay rate survey may be taken at the same meeting the survey information is presented or at a subsequent meeting. The General Counsel, General Auditor and Ethics Officer may also recommend to the Organization, Personnel and Effectiveness Committee revisions regarding positions peculiar to their own departments.

(2) The list of agencies to be used in the District's pay rate survey may include the following:

County of Los Angeles
East Bay Municipal Utility District
Los Angeles Metropolitan Transportation Authority
Los Angeles County Sanitation District
Los Angeles Department of Water & Power
Orange County Water District
San Diego County Water Authority
San Francisco Public Utilities Commission
State Department of Water Resources

The nine comparator agencies were selected by comparing the following factors: Industry (type of utility), total number of units managed, population served, total number of employees, total assets, net operating income, gross revenue, and total service area (square miles).

(i) For temporary construction personnel employed under authority of Section 6207(c), the General Manager is authorized to fix the hourly rates of pay at least equal to, but not more than 20 percent higher than, those so determined by the Board to be prevailing in the county in which such personnel primarily will be engaged.

§ 6209. Discharge.

(a) Unclassified employees, other than executive officers and their principal assistants, may be removed by their respective Department Heads, but may appeal such removal to the OPE Committee. The decision of the Committee will be final unless the Committee chooses to refer the appeal to the Board.

When immediate discharge is not deemed appropriate, written notice shall be given at least 14 calendar days in advance of discharge for probationary employees and at least 30 calendar days in advance of discharge for other classified employees.

The Executive Committee is responsible for the oversight of the internal auditing function, approving the Audit Department charter (subject to review and approval of the Board of Directors), selecting and overseeing the work of external auditors, and reviewing reports issued by both the internal and external auditors.

(b) The General Auditor manages the District's Audit Department and is responsible for formulating departmental policies and procedures; directing and evaluating the performance of work done by employees within the department, administering the internal records of the department; and administering the District's contract for external audit services. The General Auditor shall, annually in advance of the July Board meetings, submit to the Executive Committee an Audit business plan containing key priorities for the coming year for review and approval. The General Auditor shall have the discretion to determine the form and content of such audit reports, subject to guidance by the Executive Committee. With the exception of those reports which the General Auditor deems to be urgent or confidential in nature, copies of all audit reports addressed to the Executive Committee shall be submitted to the General Manager and General Counsel for review and comment simultaneously to their submittal to the Executive Committee.

(e) The General Auditor shall transmit all reports issued by the District's external auditors to the Executive Committee and any other committees of the Board as may be applicable. Such transmittal letters should include any comments on the external auditor's reports that the General Auditor deems necessary.

(f) The General Auditor may receive requests from time to time from the other executive officers or committees of the Board to perform audit assignments which are not included in the approved annual Audit Business Plan. Similarly, the General Auditor may identify a need to include new assignments in the Audit Business Plan during the year. The General Auditor shall

have sufficient latitude and discretion to include those new assignments in the annual Audit Business Plan as the General Auditor deems necessary based upon their professional judgement and available resources. Requests from other committees of the Board and individual Board members desiring specific audit assignments shall be submitted to the Audit Committee for study, advise, and recommendation, or if such subcommittee is not currently in place, the Executive Committee. Once the audit assignment is approved by the Board, the General Auditor reserves the right to determine how to best fit the directed audit assignment into the Audit Business Plan. The reporting process for assignments requested by either executive management, by committees of the Board, or by individual Board members shall generally follow the process outlined in paragraphs 6450(c) or (d) previously.

(g) The General Auditor shall manage the work of the Audit Department in accordance with the Audit Department Charter.
