

Water Planning and Stewardship Committee

Water Resource Management Manager's Report

Item 7-c

August 15, 2022

Reverse Cyclic Program (RCP)

General Manager determined supply conditions warrant activation

- At Metropolitan's discretion, member agencies may purchase water in CY 2022 for delivery in a future wet year to help preserve Metropolitan's SWP supplies.
- Metropolitan may complete the deferred deliveries within 5 years of the purchase date.
- Execution of agreements with member agencies
 - Agreement with Calleguas Municipal Water District
