Systems Integrated, LLC v. Metropolitan **(Los Angeles Superior Court)**

Systems Integrated, LLC (SI) filed a complaint against Metropolitan on May 14, 2021 containing four causes of action—breach of a software license agreement, infringement of common law copyright, misappropriation of trade secrets, and preliminary and permanent injunctive relief.

The lawsuit stems from services provided by SI with respect to Metropolitan's Supervisory Control and Data Acquisition (SCADA) system and Metropolitan's ongoing competitive solicitation process for the upgrade of that system. On

May 16, SI filed an ex parte application for a temporary restraining order, which the court denied on May 19, following a hearing. The court found that SI had "no reasonable prospect of success without expert testimony" and that SI had failed to provide sufficient evidence to justify a trade secret claim. On August 23, Metropolitan filed a demurrer to all causes of action in SI's complaint, arguing that (1) SI has failed to state facts giving rise to a breach of contract claim or trade secret claim, (2) SI's copyright and trade secrets claims are preempted under state and federal law, and (3) SI's injunctive relief claim is not a separate cause of action under California law. The hearing on the demurrer will be held on February 9, 2022.
