9-4	Report on Rate Refinement Workgroup's Review of Demand
	Management Cost Recovery Alternatives
Presented by:	Arnout H. Van den Berg, Section Manager-Revenue & Budget

Ms. Kasaine introduced the item and Mr. Van den Berg provided the presentation. Mr. Van den Berg explained what demand management is and its purpose. He explained that demand management is currently funded through the Water Stewardship Fund, but this fund is projected to be exhausted by fiscal year 2022/23. The Board will therefore need to approve the method we will use to fund demand management going forward. The Member Agency Rate Refinement Workgroup considered several alternatives, and agreed on the Variable Costs alternative and Alternative 1 as the preferred methods for recovering demand management costs. The Variable Costs alternative would be based on avoided variable costs excluding fixed O&M and capital costs, with demand management costs recovered by the Tier 1 Supply Rate and the System Power Rate. Alternative 1 is consistent with the existing cost of service methodology, with demand management costs recovered by the Tier 1 Supply Rate and the System Access Rate.

The following Directors provided comments or asked questions:

- 1. Ortega
- 2. Atwater
- 3. Goldberg
- 4. Smith
- 5. Kurtz
- 6. Ramos

Ms. Kasaine and Mr. Hagekhalil responded to Director questions and comments.

9-5	Mid-cycle Biennial Budget Review
Presented by:	Arnout H. Van den Berg, Section Manager-Revenue & Budget

Ms. Kasaine introduced the item and Mr. Van den Berg laid out the key biennial budget goals and underlying assumptions for fiscal year 2020/21. He reported that transactions for this year came in close to the budgeted amount. High fixed expenditures and variable income is balanced by the reserve rate. There was an increase in unrestricted reserves because expenditures were much lower than budgeted. Staff is preparing the next biennial budget and he laid out the next steps in the process. As explained in the prior presentations, the Board will need to approve a new method for calendar year 2023 to recover demand management costs.

The following Directors provided comments or asked questions:

- 1. Smith
- 2. Ortega
